

Concierge Cyber®

CyberSpecialOps.com

Don't get shut out!

The cyber support you need,
when you need it.

GUARANTEED!

For a modest annual fee, Concierge Cyber® clients are guaranteed quick and easy access to highly personalized care. Services include a free initial cyber risk evaluation, same day appointments, phone or email access on evenings and weekends, and pre- and post-breach services as needed at pre-negotiated rates.

REVOLUTIONARY NEW DELIVERY MODEL FOR CYBER SUPPORT

In today's heightened cyber threat environment, organizations must ask themselves:

1. What can I do to make my company safer from cyber threats?
2. Where do I go for help when a cyber incident happens?

Cyber Special Ops created Concierge Cyber® to help organizations of all types and sizes answer those two critical questions.

Modeled after concierge medicine, which has proven to result in positive outcomes for both patient and physician, Concierge Cyber® helps your organization get cyber healthy and recover from cyber incidents.

Cyber Support You Can Rely On

Expertise

We draw on knowledge from a diverse team of third-party specialists to provide innovative solutions based on a wide range of capabilities.

Experience

Our world-class cyber risk advisory team consists of highly-skilled individuals who average 25-30 years of experience in their respective fields.

Agility

We manage engagements discreetly with a small team of specialists who can work independently or collaboratively with your people.

It's easy to join!

Contact us at 678.576.1106 or Info@CyberSpecialOps.com.

Choose the right Concierge Cyber® package for your organization!

Your annual subscription to Concierge Cyber® includes a free initial consultation, same-day appointments when needed, after-hours access, and pre-negotiated discounts for additional services. Packages for individual organizations, state and local governments, trade associations, commercial insurance brokers, insurance program business, risk retention pools and captives are available.
